

St Paul's has a commitment to discovering, nurturing and promoting new talent. For many years, the Lunchtime Concert series has given opportunities to young musicians to perform in a professional environment, in central Bedford, to an appreciative audience.

The concerts feature an extraordinarily wide range of performers and repertoire. Audiences regularly number between 70-100, so recitals at St Paul's Church offer both valuable experience and an excellent opportunity for young and emerging musical talent. If you are interested in giving a recital, I would be very interested to hear from you. Please email me: heather.turnham@yahoo.co.uk

These concerts are free and no ticket is required. However, a suggested donation of £3.50 would be greatly appreciated which will contribute towards the work of St Paul's and other charities. The musicians perform here for no fee but the church re-imburses their travelling expenses.

I warmly welcome you to these concerts and look forward to meeting you.
